With reference to my planned stay in Italy (from/..../.... to/..../.... , my volunteering and my trip to the projects of the association Tierschutzprojekt Italien, namely in Canile Alpa in Atripalda and in Refugium UNA in Pontecagnano, I herewith confirm to have been informed by the association Tierschutzprojekt Italien that the association and also their respective Italian partner associations do not provide insurance cover for my privately planned trip and volunteering (animal welfare) activities on location, and that I will have to organize my own comprehensive insurance covering potential personal injury, damage to property and financial losses.
